IMPORTANT NOTICE: Land Rover is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Land Rover by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,600 kilometres/1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Dealer. Distributors and dealerships are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.

Step 3

Choose your colour

Express your individual statement through a wide range of colours.

Step 4

Choose your wheels

Select from a range of wheel styles, each one designed to complement the bold exterior.

Step 5

Choose your interior

With a choice of carefully selected interior colours complemented by the finest real wood veneers, you can personalise your interior, making it uniquely your own.

Step 6

Choose your options

Choose additional options to tailor your vehicle to your personal requirements.

For more detailed information and to use the online vehicle configurator go to www.landrover.no

STEP 1 CHOOSE YOUR ENGINE

DRIVELINE, ENGINE PERFORMANCE AND FUEL ECONOMY

The high performing range of petrol and diesel engines use the latest powertrain technology. Combined with the innovative all-aluminium technology, fuel consumption and CO₂ emissions are reduced by up to 25 percent when compared to the 2012 Range Rover.

The intelligent Stop/Start system on the LR-TDV6 diesel models automatically shuts down the engine as soon as the vehicle comes to rest. The engine automatically starts again as soon as you lift your foot from the brake.

3.0L TDV6 DIESEL

4.4L SDV8 DIESEL

5.0L V8 SUPERCHARGED PETROL

STEP 3 CHOOSE YOUR COLOUR – EXTERIOR ACCENTS

Personalising the exterior

Fitted as standard are body-coloured side vent graphics and mirror caps, and Atlas-finished front and rear bumper and door accents.

There is plenty of opportunity to tailor the exterior to suit your personal taste. You can change the colour and finish of the side vent graphics to Atlas. They can also be changed to Dark Atlas as part of an Exterior Accent Pack.

ATLAS FINISH

DARK ATLAS FINISH

The Exterior Accent Packs include door and side vent graphics, mirror caps and front bumper outboard blades.

Exterior Accent Packs are also available as an accessory fitment. For more information contact your nearest Land Rover Dealer.

For more detailed information and to use the online vehicle configurator go to www.landrover.no

Vehicle shown left is specified with Dark Atlas mirror caps, Dark Atlas side vent graphic and Dark Atlas Exterior Accents to the door, fender, front and rear bumper.

STEP 5 CHOOSE YOUR INTERIOR – DESIGNER CHOICE

Photo: Wynn Rujj

“Our designers worked incredibly hard bringing together the finest materials and colours to create the perfect combinations of interior and exterior. These are their recommendations.”

A stylized, handwritten signature in black ink, which reads "Gerry McGovern". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Gerry McGovern,
Land Rover Design Director
and Chief Creative Officer

STEP 5 CHOOSE YOUR INTERIOR

STEP 5 CHOOSE YOUR INTERIOR – LEATHER FINISHES

Beautiful materials, flawless execution

The interior is upholstered in the finest natural materials including lavish wood veneers, immaculate metal finishes and premium leathers. Beautifully soft, and with tailored hand-stitching, the type of leather is determined by model choice, and enhances the cabin, covering virtually every surface from the seats and instrument panel to the doors and headlining. The Range Rover Vogue SE and Autobiography features Semi-Aniline leather with high-grade hides hand-picked for their exceptional suppleness and natural appearance.

STEP 5 CHOOSE YOUR INTERIOR – WOOD VENEER CHOICES

GRAND BLACK

FIGURED MACASSAR

SHADOW WALNUT

STEP 5 CHOOSE YOUR INTERIOR – INTERIOR SEAT OPTIONS

Bench seat

Standard on all models, the leather bench seat can accommodate up to three passengers and is available with manual or power recline.

The centre seat folds flat to reveal the rear seat cupholders.

For extended load capacity all of the rear seat will fold flat. Additionally this can be operated electronically by the touch of a button in the loadspace for seats specified with power recline.

Rear Executive Class seats

For the ultimate in rear seat luxury, the new Rear Executive Class seating option provides supreme comfort and convenience, with two individual rear seats and the full extended centre console finished in the finest veneer. Seat functionality includes memory, power recline and a three-mode massage feature.

Note however, these seats do not fold.

Available on Range Rover Vogue SE and Autobiography.

KEY FEATURES

Terrain Response® 2

Next generation Terrain Response® 2 is designed to monitor driving conditions and automatically optimises the vehicle's settings to suit the terrain giving you the ultimate in ride comfort on all surfaces including grass/gravel/snow, mud/ruts, sand and rock. And even if it is not in auto mode, it will let you know if you should select low range and off-road ride height.

Electronic Air Suspension

The all-new Range Rover features a next-generation four corner air suspension system which delivers class-leading comfort and capabilities both on- and off-road.

The air suspension system automatically switches between two ride heights when the off-road setting is selected. Maximum ground clearance is increased by 75mm above normal ride height at speeds less than 50kph.

Towing

Available for the first time is the optional Electrically Deployable Tow Bar, which is neatly stowed out of view behind the bumper. The Tow Bar is ready to use in seconds. If an obstruction is detected, it automatically stows itself away again. For added convenience the surround camera system (where fitted) contains features such as trailer reverse park guidance and trailer hitch guidance.

All vehicles are fitted with trailer stability control as standard.

Adaptive Dynamics

Standard on all vehicles, Adaptive Dynamics monitors the vehicle's movements at least 500 times a second, reacting to driver or road inputs virtually instantaneously, helping to give greater control and minimising body roll, for a composed ride. The system even senses off-road conditions, and optimises damping accordingly.

Rear Electronic Differential

For the SDV8 and V8 Supercharged engines, this feature is designed to give you optimised traction and cornering stability. Not available with Park Assist.

Safety

With driver and passenger airbags, side curtain and thorax airbags and active front seat belts linked to the vehicle's emergency braking functions, safety for all occupants is optimised.

KEY FEATURES

Adaptive Cruise Control with Queue Assist

Adaptive Cruise Control (ACC) is an improved cruise control system that helps maintain a pre-set gap from the vehicle in front, even if it changes speed.

Queue Assist extends the ACC functionality. It is designed to allow the vehicle to come to a stop when it reaches a traffic queue.

Blind Spot Monitor and Closing Vehicle Sensing

Using sensors mounted on the sides and the rear bumper, these systems are designed to see what you might miss. When a vehicle enters a blind spot, a warning light will show in the corresponding door mirror.

Closing Vehicle Sensing scans a zone much further behind the vehicle, to help detect vehicles which are closing quickly from behind, and which could cause a threat during a lane change manoeuvre.

Reverse Traffic Detection

Using radar detectors in the rear of the vehicle the system is designed to warn you about potential collisions during reversing manoeuvres. The system can help detect a vehicle approaching from either side. When a target vehicle with a credible 'time to collision' is detected (a collision within three seconds or less), the system alerts the driver. Three warnings are given: an indicator lights up in the corresponding door mirror, an audible alert is sounded and a warning symbol is displayed on the camera screen.

Park Assist

Using sensors, Park Assist identifies parking spaces and helps you parallel park in tight spots. The screen prompts you to select reverse and then automatically steers you into place. You stay in control using the brake and graphics guide you through each manoeuvre.

Surround Camera System

For a complete, all-round view, the latest surround camera system incorporating T-Junction view helps you see everything clearly on the full-colour Touch-screen. This system will also help you with towing as it includes trailer reverse park guidance and trailer hitch guidance.

Powered Tailgate

The characteristic Range Rover split tailgate is now fully power operated. The upper tailgate can be opened remotely from the key fob or via a switch on the dash, or both gates can be independently operated using buttons on the tailgate, the key fob or from the driver's seat. To help prevent accidents the power operation will stop when it detects an obstruction.

Interior Mood Lighting

The clean, elegant lines and premium materials of the interior are enhanced by carefully detailed LED mood lighting that brings the cabin alive at night. Following the lines of the veneer surface of the centre console, the lighting offers ten colours which can be chosen to suit your taste and mood.

Climate Control and Park Heat

Choose three-zone climate control, with separate controls for driver, front passenger and rear seats.

The optional four-zone climate control helps give more control to rear passengers. Remote Park Heat with Timed Climate enables you to pre-heat or cool the vehicle with remote control and seven-day timer.

Seat Comfort

The new massage seats feature five programmes and are available for driver and passenger.

Both front and rear seats have winged headrests and rear seat recline is standard on all vehicles. The centre seat can also be folded flat to optimise loadspace capacity (applicable to bench seat only).

Audio

The Meridian™ audio technology gives you stunning sound quality. The top of the range system features Meridian Signature Reference Audio with 29 speakers including subwoofer, and 3D surround sound.

Dual View Touch-Screen

Dual View technology enables driver and front passenger to view completely independent display content via the Touch-screen, so the passenger can watch TV while the driver follows navigational instructions.

Rear Executive Class Seating

Choose the Range Rover Vogue SE or Autobiography and you can select Rear Executive Class seating. The ultimate in comfort, these two individual seats feature memory, powered headrest, rear centre console armrest, cushion adjustments, massage seats and power recline. The individual seats are divided by an elegant console that houses the controls and an optional cool box.

DIMENSIONS AND CAPABILITIES

Wheelbase 2,922mm

Height 1,835mm

Front wheel track 1,690mm

Rear wheel track 1,683mm

Width 2,073mm mirrors folded
Width 2,220mm mirrors out

*Maximum speed for V8 Supercharged is 250kph/155mph when specified with 22 inch wheels.

Fuel consumption figures: The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested and there are inevitable differences between individual vehicles of the same model. The vehicle may also incorporate particular modifications. Furthermore, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. Low fuel warning at 9 litres approximately.

■ Standard – Not Available.

ACCESSORIES

Electrically Deployable Tow Bar
 VPLGT0081, VPLGB0108, VPLGT0109, VPLGT0108

The Electrically Deployable Tow Bar is stowed discreetly behind the bumper, providing a clean attractive finish. It is designed to deploy/stow in 12 seconds. It's sensitive to obstructions and will stow automatically if necessary. Approved for up to 3,500kg trailer load.

Multi-Height Tow Bar and Armature
 VPLGT0082, VPLGT0097,
 LR037931, LR037913

Offers three different towing height options and the ability to swap heights in a matter of seconds. Approved for 3,500kg trailer load. Requires Towing Electrics – 13 Pin for fitment.

Tow Bar Mounted Bike Carrier
 VPLVR0067 – 2 Bike
 VPLVR0069 – 3 Bike

Upper and lower tailgate can be opened with carrier in place. Features quick attach/release mechanism. Fits to either Multi-Height Tow Bar or Electrically Deployable Tow Bar. Manufactured from aluminium and other lightweight materials. Lockable for security. Maximum load capacity 40kgs.

More information on Land Rover bikes is available online at: www.2x2worldwide.com

Towing Electrics – 13 Pin*
 VPLGT0073

European-style towing electrics, capable of supplying all trailer rear lighting and interior equipment power. Provided for use with Multi-Height Tow Bar.

ACCESSORIES

Cargo Barrier – Full height
VPLGS0162

This useful barrier helps prevent cargo from entering the passenger compartment. Incorporates integral ski hatch. Complies with EC regulation 17. Not compatible with Rear Executive Class seating.

Loadspace Mat – Rubber
VPLGS0151

Range Rover branded rubber mat helps protect the rear loadspace carpet from general dirt. Waterproof and non-slip surface.

Loadspace Semi-Rigid Liner
VPLGS0152

Range Rover branded rubber mat helps protect the rear loadspace carpet from general dirt. Semi-rigid waterproof loadspace protector adds a raised lip feature on three sides to protect side wall carpets.

Loadspace Rails and D Loops
VPLGS0170

Loadspace mounted rails to help increase the flexibility of loadspace storage. Loadspace Rails allow fitment of the Luggage Retention Kit storage system.

Luggage Retention Kit*
VPLGS0171

Pack of attachments that fix into the Loadspace Rails via a quick lock/quick release system to help provide a flexible solution for retaining items. The attachment pack includes a retractable strap with inertia reel, telescopic rod and stowage bag.

Fixed Side Step
VPLGP0114

The Fixed Side Step aids entry and exit to the vehicle and improves access to the roof.

Accessory Wheels**

The full range of wheels are also available as an accessory fitment. Wheel shown is manufactured via premium forging process to ensure strength, with striking vibration polished finish.

*Requires Loadspace Rails with D Loops – Part No: VPLGS0170

**Rim only. Centre cap not included.

Front Mudflaps
VPLGP0109

Mudflaps help reduce spray and help protect the paintwork. Supplied as a pair. Not for use with Deployable Side Steps.

Front Mudflaps (for Deployable Side Steps)
VPLGP0111

Rear Mudflaps
VPLGP0110

Rubber Footwell Mats
VPLGS0150

Rubber footwell mats for front and second row occupants help provide protection from general dirt.

Pedal Kit
VPLGS0160

Pedal caps feature Bright design and hidden fixings for a clean finish.

Side Protection Tubes
VPLGP0100

Manufactured from stainless steel, this product helps protect the vehicle in off-road conditions. Its rugged off-road appearance complements the vehicle's exterior design.

Noble Plated Mirror Caps
VPLGB0073

Noble Plated Mirror Caps complement the Range Rover's exterior styling cues.

Ski Bag
VPLGS0166

Land Rover padded Ski/Snowboard Bag. Carries up to two pairs of skis and poles up to 180cm long. Includes removable shoulder straps.

Deployable Side Steps
VPLGP0151, VPLGP0152, VPLGP0120, VPLGP0134 and VPLGP0125

These smart, practical steps make it easier to get in and out of the vehicle. Neatly stowed under the sills, the Side Steps automatically deploy as soon as the door is opened, or when activated by the key fob. They stow automatically when the door is closed. The Side Steps are sensitive to obstructions and will not deploy in off-road or low range settings.

Roof Rails
VPLGR0079 – (Black Finish) †
VPLGR0078 – (Silver Finish) ‡

Maximum permissible load capacity 100kgs**. Design features pre-set positioning holes/dowels to ensure Cross Bars are fixed in optimum position for weight distribution and dynamics.

Cross Bars*
VPLGR0081

T-track design utilises the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimises drag and noise. The incremental height when fitted is 93mm**. Roof rails required for fitment.

*Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

**Maximum payload equals the load capacity of the roof mounted accessory.

†Roof Rail Ditch Finishers required for fitment with Roof Rails. VPLGR0079 – Standard Roof, Black finish, VPLGR0097 – Panoramic Roof, Black finish.

‡Roof Rail Ditch Finishers required for fitment with Roof Rails. VPLGR0094 – Standard Roof, Silver finish, VPLGR0098 – Panoramic Roof, Silver finish.

Umbrella not included. Note: All seat cover patterns and colours are periodically updated.

iPad is a registered trademark of Apple Inc., registered in the US and other countries.

For a full list of Accessories visit www.landrover.no

Luggage Box*
VPLVR0062

Gloss Black finish. Lockable for security. Opens from both sides. Includes power-grip mounting for easy and quick fixing to the roof bars. Volume 440 litres. Maximum payload 75kg**.

Luggage Carrier*
LR006848

Flexible rack system to facilitate roof carrying. Maximum payload 75kg**.

Golf Umbrella Holder (under parcel shelf)
VPLGS0153

This neat storage solution provides stowage for one full size umbrella.

Sports Roof Box*
VPLVR0061

Sleek, aerodynamic design with a Gloss Black finish. Can be mounted on either side of the vehicle for kerbside opening. Internal retention system for skis or other long loads. Lockable for security. Volume 380 litres.

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Lockable for security. Incorporates slider rails for easy loading. Maximum payload 36kg**.

iPad® 2 Holder
VPLVS0165 – iPad® 2/New iPad
VPLVS0164 – iPad® 1

Provides secure mounting for your iPad. Rear seat facing, attaches to the head restraint posts.

ABOVE AND BEYOND
